Organic Rice

Sonamasuri Rice

Organic Sona Masuri rice is grown using organic farming practices that avoid the use of synthetic pesticides, herbicides, and genetically modified organisms and Organic Sona Masuri rice has a mild, slightly sweet flavor that makes it a great accompaniment to a variety of dishes. It absorbs the flavors of spices, sauces, and other ingredients well, making it suitable for curries, stews, and other flavorful preparations.

Basmati Rice

Organic Basmati rice is commonly used in various traditional dishes such as biryanis, pulaos, and curries. Its ability to absorb flavors makes it a preferred choice for recipes where the rice is cooked with spices, herbs, and other ingredients

Organic Sugar

Organic Sugar Crafted traditionally on a cottage scale by local jaggery farmers, this unrefined, chemical-free sugar is made from organic sugarcane juice using conventional crystallization, giving it a characteristic brown color when mixed with water.

Organic brown sugar is a sweet, water-soluble crystalline sucrose made from crystallized sugarcane juice and enriched with a 3% molasses coating for added iron, calcium, and magnesium.

Organic Coconut Brown Sugar that is organic and has a sweet, caramelized flavour. Made from pure cane sugar, it has a mild molasses flavour. Another distinctive feature is its buttery caramel aroma. Brown Sugar is commonly used to lend a unique flavour and crunchiness to desserts and cookies.
